National Socialist White Peoples Party AND THE National Socialist Youth Movement

"A man of little academic education but physically sound, with good, firm character, imbued with the joy of determination and will-power, is more valuable to the racial community than a clever weakling."

MEIN KAMPF, II:2

Outdoor Rally a Great Success

On 5 July the Party celebrated the 10th anniversary of Commander Rockwell's famous original rally on the Mall in Washington by holding another public rally on the same spot. (It was that first rally back in 1960 which projected the Party into the national limelight, and which is so vividly described in Commander Rockwell's book, This Time the World.)

Attracted by a giant Swastika-emblazoned banner which proclaimed, "National Socialism is for the White man," nearly 1,000 persons were attracted to the event, which took place at L'Enfant Square across the street from the National Archives building. Thirty uniformed Party marshals ringed the speaker's platform.

In his speech, Commander Koehl attacked the Jewish System which controls and dominates every aspect of national life in the United States. He told how Commander Rockwell had 10 years earlier tried to warn the White people of America about the race violence that was coming, about the Communist treason and anarchy that would run rampant in our big cities, about the humiliation America would suffer in Vietnam, about White workers losing their jobs to Blacks, about a phony stock-market economy that would one day collapse--grim prophecies for which he was laughed at and ridiculed. Commander Koehl went on to call for a White man's revolution, declaring that National Socialism was the key to White Power..

Besides Commander Koehl, speakers included Executive Officer Robert Lloyd, Northern Ohio Organizer Charles Lawrence and Dave Duke, a Party activist from Louisiana State University. The rally was chaired by William Kirstein, a new Headquarters staff officer from Fresno, California.

Several Jewish-Bolshevik agitators tried to incite a portion of the crowd to attack the speakers' platform, but were discouraged by Party marshals and irate persons who wanted to hear the speeches. The only incident occurred after the rally when one particularly obnoxious Jew persisted with his obscene remarks and Dave Duke caught him square in the face with a single blow that sent him reeling back 15 feet with blood all over his face. Although no weapons were used, the newspapers later reported that the Jew had been "clubbed"!

Lincoln Rockwell Bookstore Opened

The Party opened the Lincoln Rockwell Bookstore in Arlington on 3 July. Although it has been in operation less than three weeks and a permanent business sign has not yet been installed, it has already attracted considerable community attention.

The store is located at 1734 Wilson Boulevard--just a short distance down Wilson Boulevard from National Headquarters.

Not only will the new center give the Party greater access to the general public in the Capital area, but it will also provide an outlet for Party books and materials as well as a vast selection of titles unobtainable elsewhere.

School Meeting Ban Appealed

The Party on 23 July asked a federal appellate court to take the case in which it was denied use of an Arlington school as a meeting place.

The Party had requested use of Yorktown High School for a celebration last 20 April of Adolf Hitler's 81st birthday. The school board first granted the request but later backed down under pressure, claiming that an anticipated overflow crowd "would present a clear and present danger of violence and riotous conduct." The board also tried to make an issue of the fact that Jews and Negroes were not invited to the event.

In a previous ruling, conservative U.S. District Judge Oren R. Lewis of Alexandria had smugly declared that "nothing in the Constitution says a school board has to let a hatemonger use a public facility."

It was this ruling that the U.S. Circuit Court of Appeals in Baltimore has been asked to take under consideration. The Party has contended that other private groups have been allowed to use the school and also were allowed to exclude non-members.

Headquarters Staff Appointments

Robert Lloyd was recently named National Organizer of the Party by Commander Koehl. In his new capacity, Mr. Lloyd will be responsible for organizational and recruiting activities, including the arranging of public rallies and meetings as well as the promotion of local National Socialist activity.

William G. Kirstein has been appointed Party Membership Secretary. Mr. Kirstein is a native of Fresno, California, where he attended Fresno State College. He was formerly attached to the Party headquarters in Los Angeles, and has had a wealth of experience in Party activities, including participation in college panels, public addresses, radio appearances and National Socialist demonstrations. In his new post, Mr. Kirstein will be in charge of all matters relating to membership and supportership.

Security Force Being Formed

To assure order and to protect speakers at future rallies and other functions of the Party, the Commander has authorized formation of the first cadre of a new self-defense auxiliary of the Party to be known as the Security Force.

All non-Jewish White males 17 or over who support the goals and objectives of the Party are eligible to apply for membership. Applicants do not necessarily have to belong to the Party or have any other affiliation with the Movement.

William Kirstein, formerly with the Party's Los Angeles Headquarters, has been named to head the new cadre. The SF will replace the old Storm Troops as the Party's defensive arm.

Persons interested in joining the SF should write to Box 5505, Arlington, Virginia 22205, for further details.

Canadians Merge with NSWPP

On 18 June the Canadian National Socialist Party was formally dissolved by its national leader, Mr. John Beattie, in consultation with WUNS Headquarters.

All former CNSP members have now become eligible for membership in the National Socialist White People's Party by submitting completed application forms with their first month's dues of $5 to NSWPP Headquarters. The customary application fee and interview has been temporarily waived for Canadian applicants.

All former CNSP supporters have been invited to become official supporters of the NSWPP by submitting completed application forms with their initial contributions to NSWPP Headquarters.

New National Socialist Bookstore in Cleveland

Party activists in Cleveland have set up a focal point for National Socialist activity in that city with the opening on 20 July of a National Socialist bookstore on the main street of a strong White section.

The store, which will carry a complete line of Party literature and materials, will be open from 12 to 5 on week days and from 12 to 8 on Saturdays. It is located at 9905 Loraine Avenue.

Akron National Socialists Smeared in Bombing Case

In a vicious smear campaign typical of Jewish yellow journalism, the Akron Beason Journal has slyly insinuated that National Socialists were behind the recent bombing of the fashionable home of its Jewish editor and publisher, Ben Maidenburg, who somehow managed to escape unscathed. The Beacon Journal failed to offer a shred of evidence to back up its ridiculous charge, except to mention a local White Power message which exposed Maidenburg's role in trying to get White couples to adopt mulatto children.
The message emanated from the NS Bookstore at 2030 Front Street in Cuyahoga Falls, an Akron suburb. The store is managed by Charles Lawrence, the Party's organizer for northern Ohio.

Los Angeles National Socialists Raise the Banner

A recent Party visitor to the new National Socialist bookstore in El Monte, which also serves as kind of an unofficial local headquarters, has reported as follows:

"They've done a tremendous job on this place! Almost everything has been repainted, and the shrine room has handsome wood paneling all along the walls. We have a big Swastika sign out front and two flag poles--one for the American flag and the other for our racial banner. Last night we had a rock attack on the building, and this morning when I went out to raise the flag a guy came up to ask how he could join! Nobody around this town is in the middle: They either salute us or they cuss us."

Joe Tommasi, who manages the center at 4375 N. Peck Road, has since reported several night-time gun exchanges outside the building in which attackers have been driven off. The presence of the National Socialists in El Monte has led both the Los Angeles Herald-Examiner and the Los Angeles Citizen News to devote full-page attention to the Party.

Meanwhile, at last word, NS activist Bill Gould is still being held in jail after being arrested for "carrying a concealed weapon" as he left the El Monte bookstore. Apparently Gould had a cannister of Chemical Mace in his pocket at the time. Three other comrades arrested along with Gould on the same charge have since been released pending trial.
